Work Experience

Barista/ Events/ Shift manager at Microsoft Israel

October, 2021 - Present

Planning and New Business Consultant at UniAmerica

2016 - 2018

- Monitor and analyze competitive actions, market monitoring, such as prices, products and trends.
- Implemented plans of short, medium and long term sales plans and strategies, aiming at meeting the goals established in terms of product mix, customer service, acting in all activities and solving complex problems.
- Logistics structuring of the business, and follow-up from the start until the delivery of the product.
- Seek the growth of the market share through innovations /adaptations of products and processes with high added value.
- Monitor the fluctuations in gross product margins, suggesting and /or adopting measures to maintain profitability.
- Search and implement solutions that meet the demands of each client, interacting with the technical area / laboratory.

Volunteer Work TETO (TECHO)

2015 - 2016

As a Volunteer I worked in several favelas in São Paulo. Bringing food to needy families, and often helping to build new homes for families who lost everything in landslides, helping with renovations to homes in a precarious situation.

Military Service

Paratroopers Brigade

2019 - 2021

Commander and fighter in the 890th Battalion, released with honors in the rank of sergeant major.
